

FAIRFIELD COLLEGE
A Real World Experience

24 April 2012

To whom it may concern,

RE: LOBELL CONSTRUCTION LTD

Lobell Construction won the tender to refurbish the administration block at Fairfield College in Hamilton in November 2011. Faced with tight timelines they set about their work in a professional manner and had the ball rolling very quickly.

During the contract there was always open dialogue between the Project Managers, Lobell and myself and all issues were dealt with in a timely and professional manner. Without fail, all the deadlines were met and all outstanding matters were dealt with quickly.

I would have no hesitation in recommending Lobell Construction to any enterprise wanting to refurbish or undertake building work.

Sincerely

Rudy Kuhn
