

29 St Andrews Terrace
Hamilton

20th April 2005

The Manager

Lue Shaw Builders Ltd.

To Whom it May Concern

On the advice of our two Architects we engaged Lue Shaw Builders to erect our dwelling.

They commenced promptly and apart from February (2004) extreme wet weather finished as stated.

The Foreman Mr John Green was a pleasure to work with, his staff excellent, and he had the sub-contractors here when required on time.

The finishing work is of a very high standard, the two architects inspecting the completed house were very satisfied, and agreed we had a well built home.

If we ever built again would certainly use Lue Shaw Builders.
